

Imaging Request

How can we help? Once your scan is complete, your images will be available for you and your referring provider to review in no time at all. We've taken, what used to be days, out of the worry.

Your images are available online as part of the RAPC Intellispace network shared by most all providers throughout Oregon. Or, if you prefer, you can email, stop by or call. We're here for you.

At Willamette Valley Imaging, we believe it's your right and our privilege to provide you with a free copy of your images. However, additional costs may accrue if you're involved in a motor vehicle accident, personal injury or workers' compensation claim. Please have your attorney or claim adjuster contact Susan in our billing office @ 541.344.9500.

Patient Information:

Name: _____

Date of Birth: _____

Please mail my request. No problem, you can expect your request in 7 to 10 business days. If you haven't received them, please call our office.

Where can we forward your request?

No thanks, I'll pick them up. _____
